**\*\* Chapter 1: The Three\*\*\*\* Fairies Team Up\*\***

The day started when Levy was at her apartment in Fairy Hills, reading her one of her favorite books in her own library room. She's in there everyday before going on a job with the rest of the group she's in called "Shadowgear". But today she decided to ask her crush "Gajeel" and Lily to go on a job with her, that is if they didn't head out already. When she was done reading in her library room, she decided to pack and get to the "Guild Hall", after Levy left her apartment, she saw Juvia walking down the hallway and walked up to Juvia to with a smile. "Hey Juvia!" Levy said with happiness. "Hello Levy." Juvia said with a smile. "How are you?" Levy asked. "I'm doing good, just got back from a job with Gray-sama." Juvia said with joy. "Thats great! I'm glad you both are hanging out!" Levy said as she suddenly remembered something important. "Oh s\*\*\*, I gotta go to the guild now or I'm gonna be late, bye Juvia!" Levy ran down the hall. "Farewell Levy!" Juvia said loud enough to where Levy could hear her and walked to her apartment.

A good 30 minutes later, Levy got to the guild hall and entered to find everyone sitting around and hanging out with their friends as usual. She looked around to see Gajeel and Lily on the second floor, she quickly went to the request board to read the job requests and saw a major request to take care of a gang of bandits terrorizing a small village. Levy took a look at the reward and made a shocking

look as she grabbed the job off the request board, she went to Gajeel and Lily on the second floor. "Hey Gajeel and Lily, I picked out a job and I am about to head out in a moment. Do you guys want to come along?" Levy asked with an excited smile. "Hmph, I got nothing better to do." Gajeel said as his arms were crossed and had a grin on his face. "I'll come along, but I want some kiwi juice on the journey." Lily said with his arms crossed and a smile. "Great! Here's the job request!" Levy said handing them the job request. Gajeel and Lily took it to see the reward and they had a shocked look on their faces. "One...One million Jewel...?!" Gajeel said as he hesitated. "Da\*\* That's a lot." Lily said as he walked towards Levy. "Yeah, so come on lets get going. I want to get there before tomorrow night." Levy said walking down stairs and towards the front door. Lily and Gajeel were following her with a cocky look on their faces. The three soon got to the train station and caught the train minutes before it left to a big city.

In the train, Gajeel, Lily, and Levy were having a conversation about the job. "Ok the job is to protect the new mayor of a big for 1 week and after the job is completed we get the one million jewel."
